

IUMS 2024 Abstract Registration Grant

IUMS provides an ideal forum for professionals to further their professional knowledge and share their research with global experts in the microbiology field as well as meet with peers from other countries.

As part of a shared goal to foster learning and development, **we are delighted to offer limited registration grants.**

1. Application for the grant is only available during the regular abstract submission time period.
2. Selection is by the committee and will be based on the review score of the abstract
3. Application for the registration grants closes on **Wednesday, 1 May 2024 – 23:59 CET**
